
THE CLEVER COCK

There was one cock. A dog was his very dear friend
iskcondesiretree.com

One day the cock said...
Come on, lets go to roam in the jungle, which is on the outskirt of the village. We shall see the outside world
iskcondesiretree.com

The dog liked the idea. They both left for jungle
iskcondesiretree.com

Both roamed happily. They enjoyed it a lot
iskcondesiretree.com

But while returning, they lost their way
iskcondesiretree.com

Gradually, it became dark. But they could not find the way back to village
iskcondesiretree.com

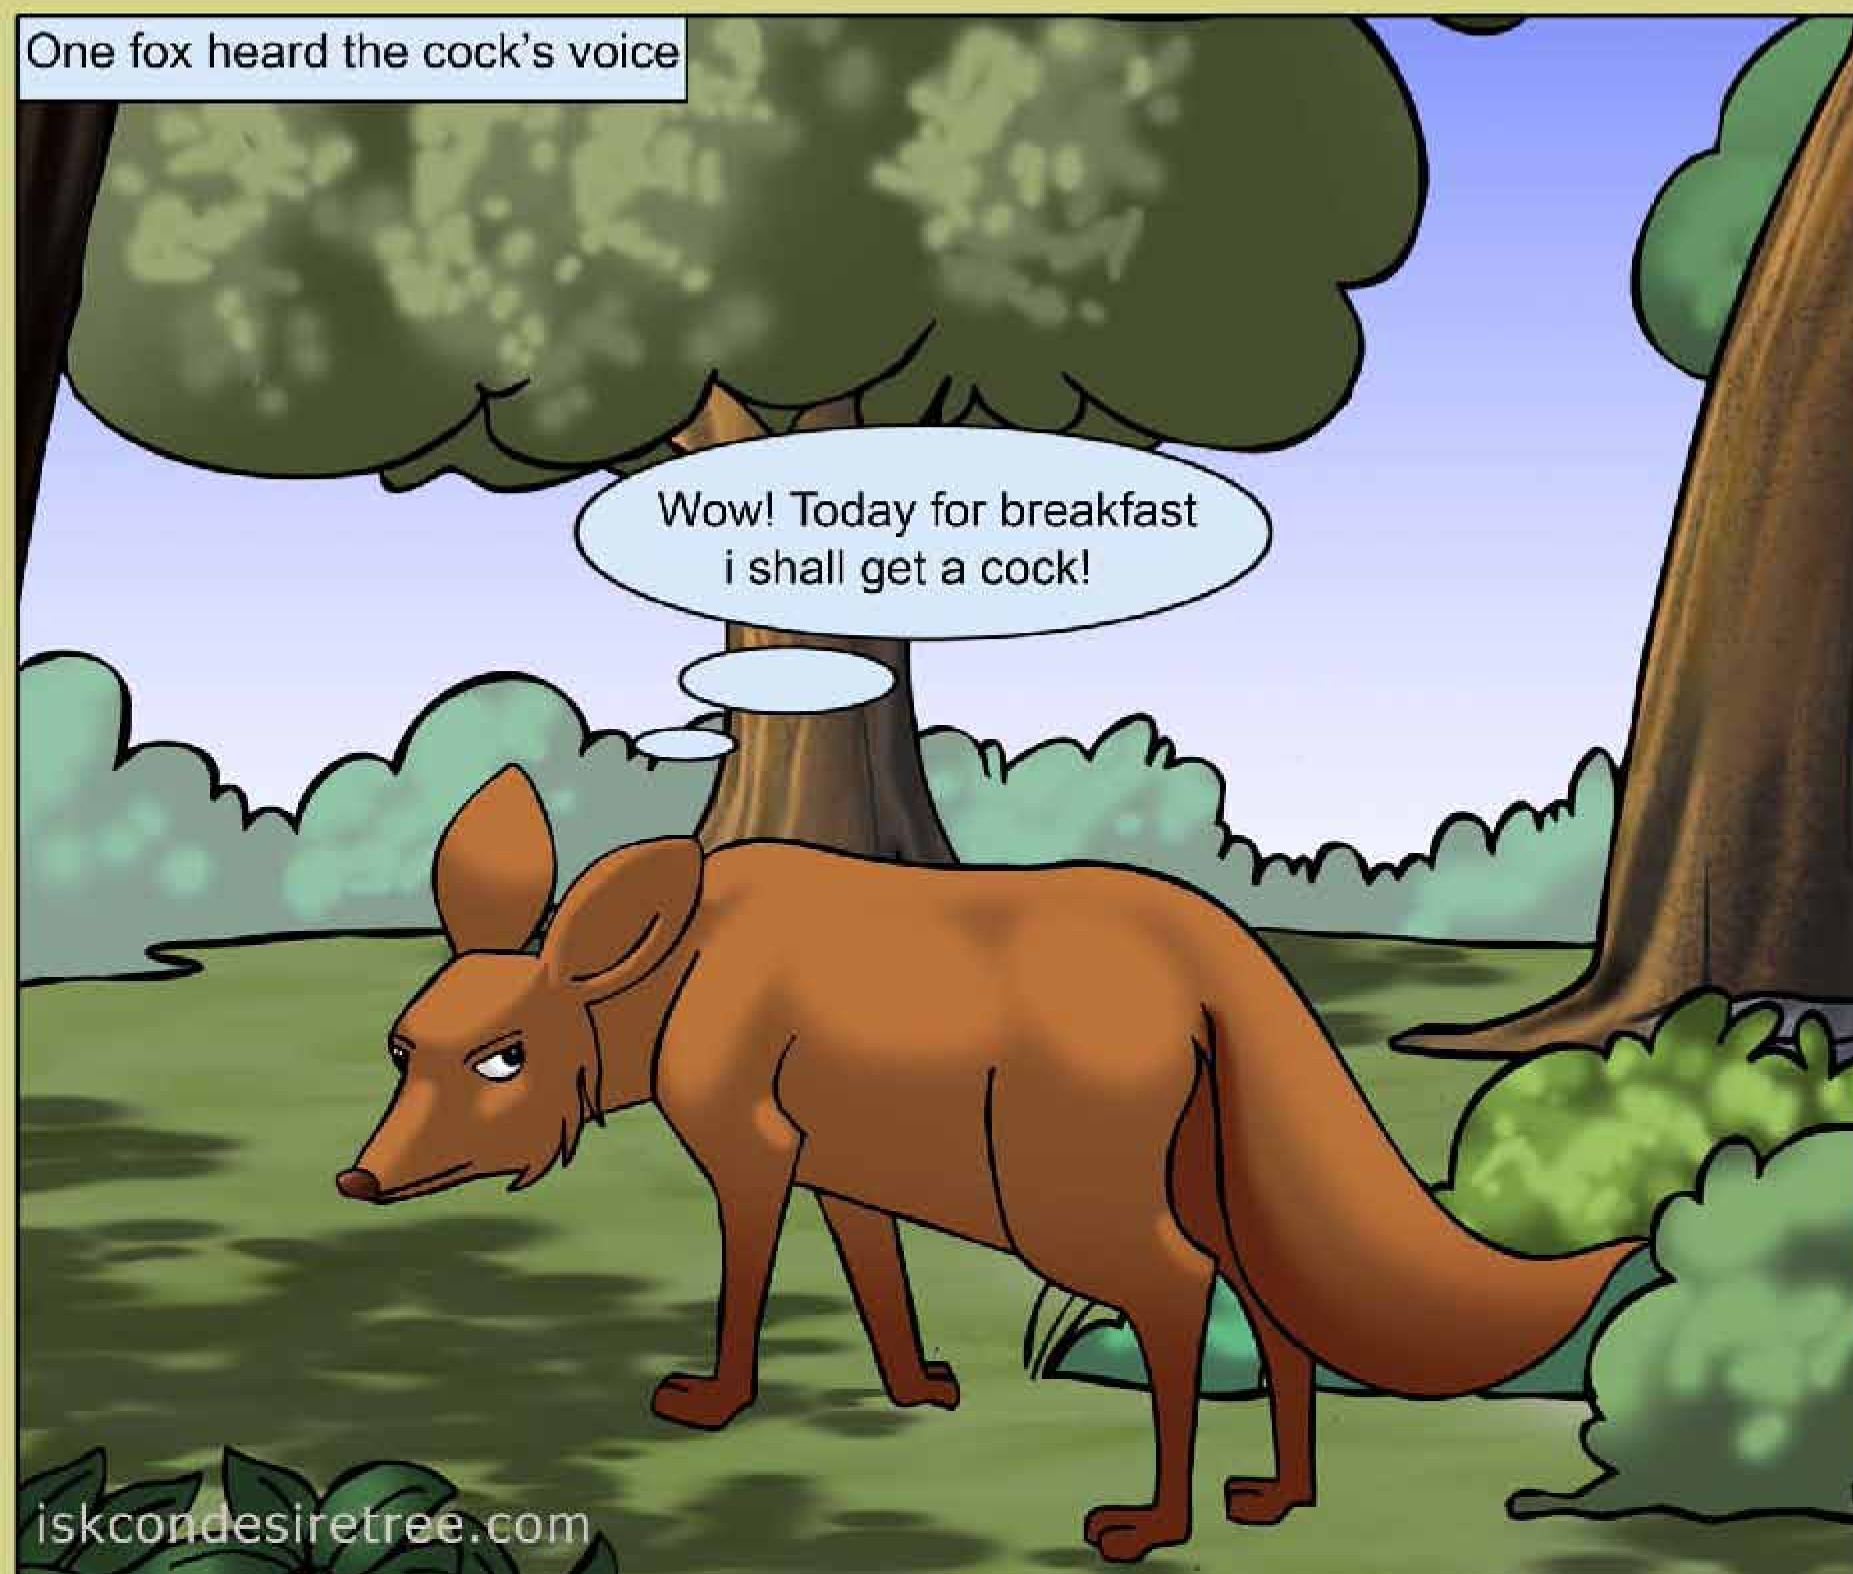

O friend it is very risky to roam in night. We will search out a nice place to spend the night. In the morning, we will search the way back to village. Is it all right?
The dog nodded his head

They found out a huge tree to spend the night. There was a nice hollow in the trunk of that tree. They decided that the dog would stay in that hollow and the cock would remain on the tall branch. Whole night, there were sounds of wild animals, so both were trembling in fear. They both could not sleep for long out of fear

At dawn, at last the dog was fast asleep

But at dawn, the cock has the habit of crowing. So it began to crow
CUCKUCH...COO

One fox heard the cock's voice
Wow! Today for breakfast i shall get a cock!

The fox came in the direction of that voice and reached the tree.
He was amazed to see the cock sitting on the branch of the tree
iskcondesiretree.com

Hello! Brother cock. Your voice is very sweet. Please make me hear some song
iskcondesiretree.com

The cock became very happy
Then listen
iskcondesiretree.com

But the fox immediately said...
I cannot see your expressions from so far. Please come down, so that i can see your face nicely. Then i will really enjoy your song and we also can be friends
iskcondesiretree.com

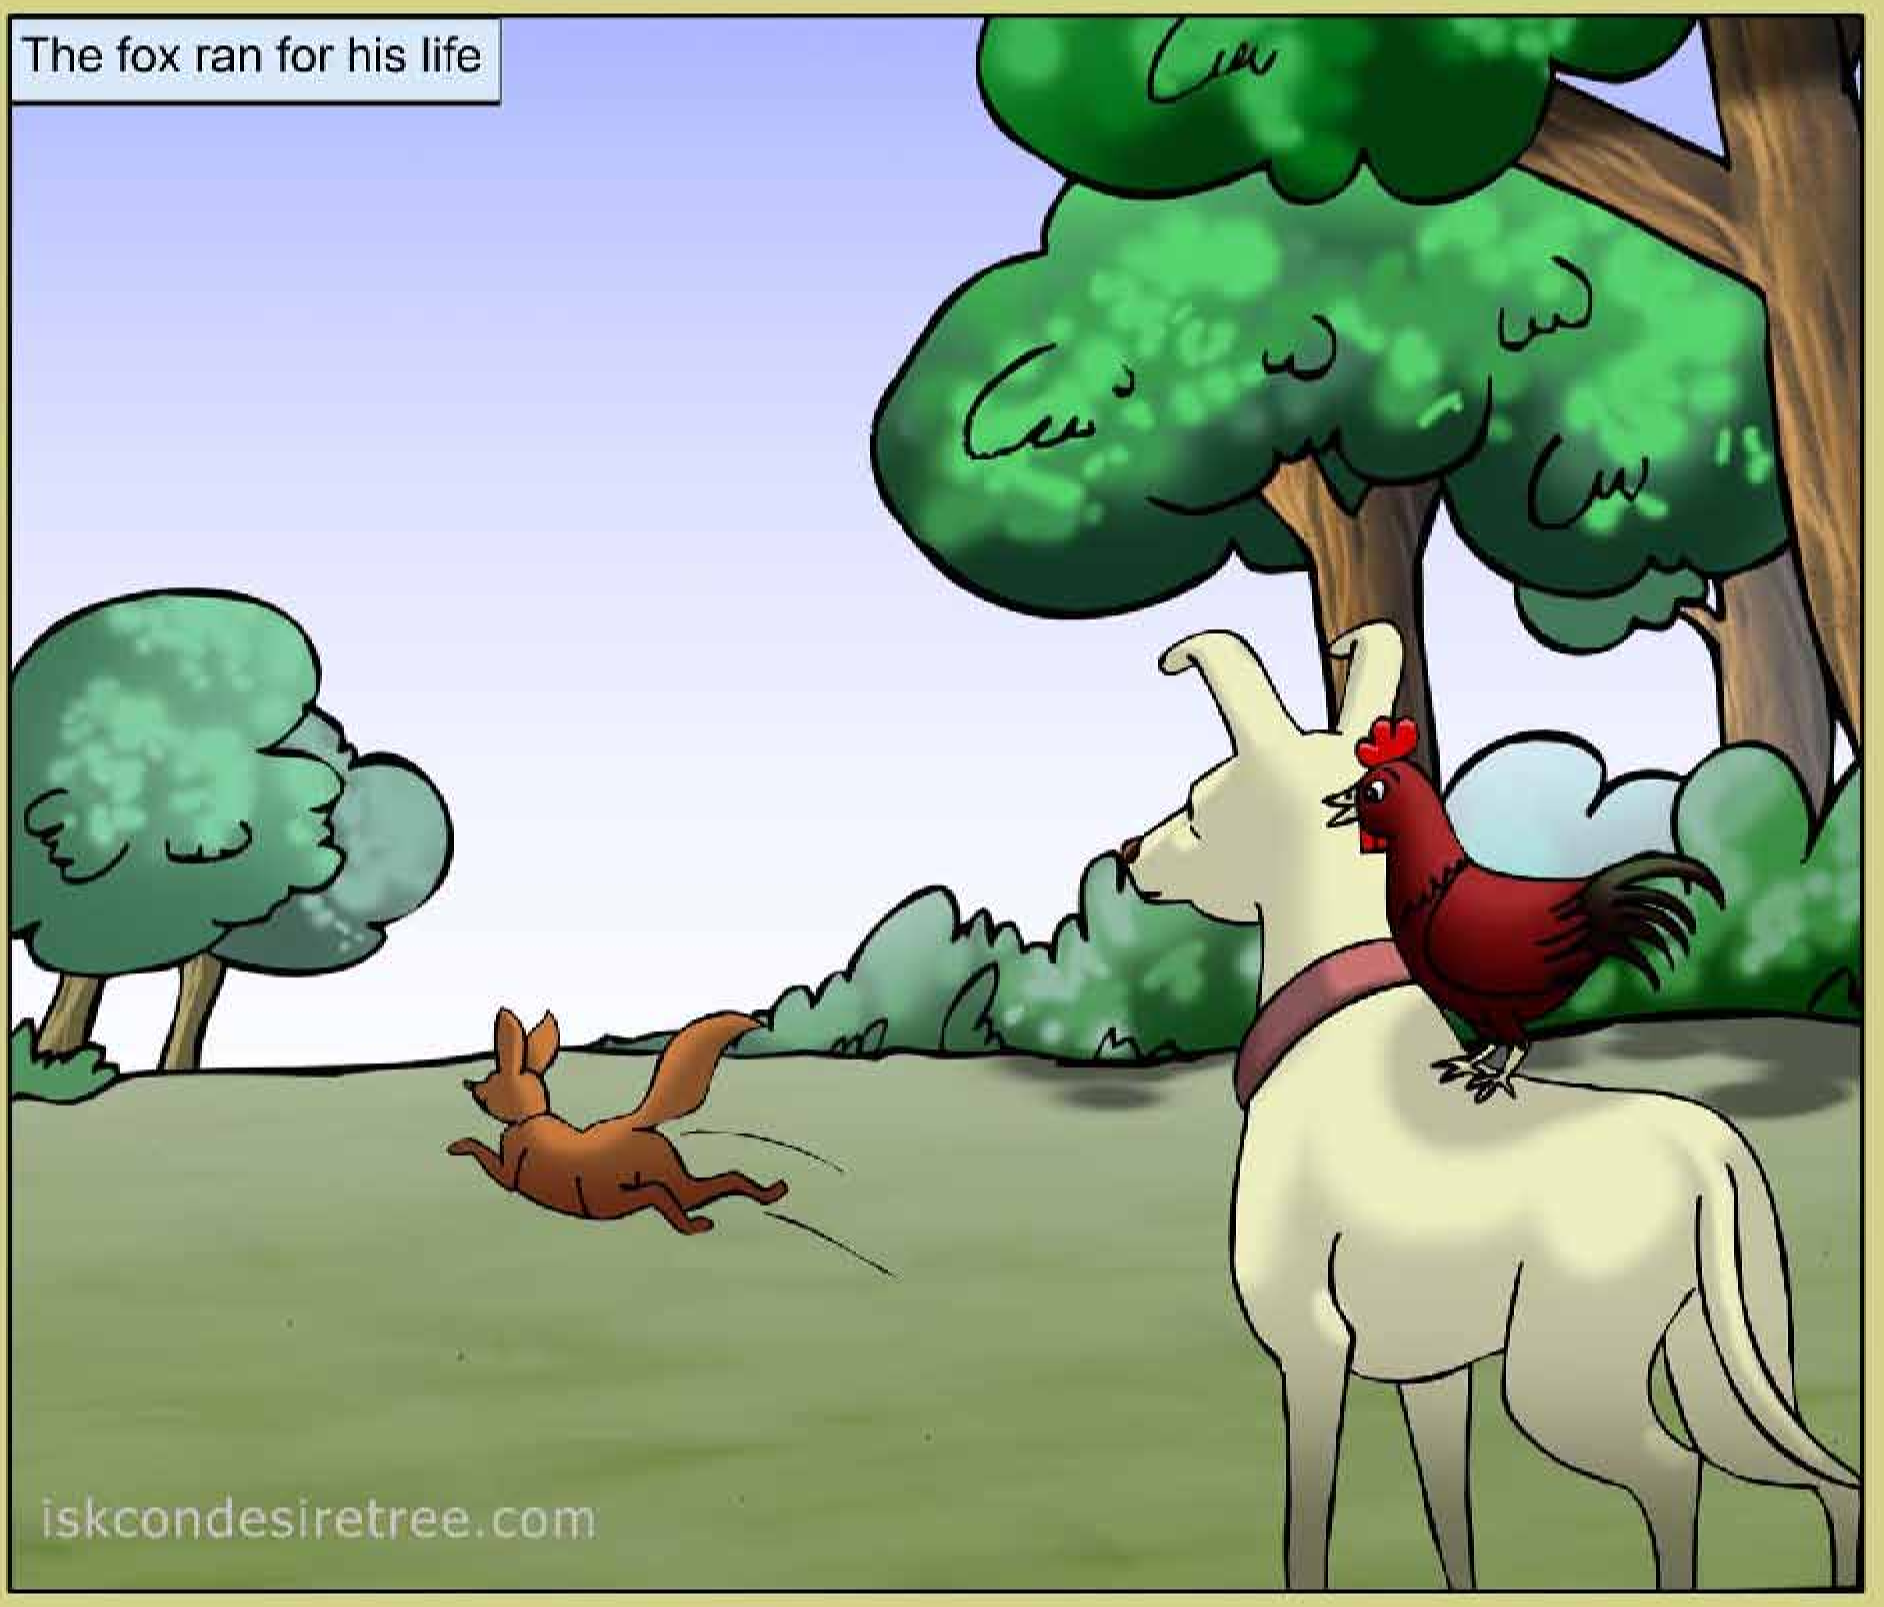

The cock understood the fox's intension
All right i will come down. But till then you wake up my friend. He is still sleeping in the hollow of this tree. We all three can be very good friends
iskcondesiretree.com

Wow! Today i will be getting two cocks for my breakfast! The cock's friend must be another cock
iskcondesiretree.com

So he came near the hollow and said...
O friend, please get up soon
iskcondesiretree.com

Hearing the fox, the dog came out barking....
iskcondesiretree.com

.... and attacked the fox. He began to bite the fox in many places and on neck too. The fox was injured very badly
iskcondesiretree.com

The fox ran for his life
